

# Student Job Opportunity

**The Dairy Cattle Center on campus is looking for part-time student employees to work during the school year.**

**Purpose:** To be an integral part in caring for part of the UW Department of Dairy Science's research herd. Employees are expected to follow procedures to ensure quality research and a clean and organized dairy barn.

**Work Environment:** An 84-cow tie-stall barn with a double-6 herringbone parlor. Cows are fed a TMR with a Rissler feed mixer.

**Schedule:** Shifts are from 4:15 AM until around 8:00 AM and 4:15 PM until 7:30 PM. Mid-day cleaning shifts are from 1:00 PM to 3:00 PM. Hours are flexible, but most students work around 8-10 hours per week. Student employees rotate weekends that they work.

**Pay:** \$9.00/hour with opportunity for raises based on training and time at the DCC.

## Responsibilities:

- Milking
- Milk sampling
- Moving cows
- Scraping
- Bedding
- Cleaning facilities
- Washing parlor and cow walkways

## Qualifications:

- Motivated
- UW-student
- Organized
- Ability to follow written and verbal instructions with attention to detail
- Like to work with animals

**Dress Requirements:** Students are provided with coveralls they can choose to wear. They must bring boots to wear for work that only stay at the Dairy Cattle Center. An overall neat appearance is required to keep a positive image for the facility.
